Outboard Motor Carrier

Try **Monster** - Buy **Monster** - Be **Monster**

Specification

Product Description

Until there's a whole separate miniature form of transport designed just to carry your outboard motor engine to its destination, you're going to have to shift it in a slightly more manual way, but without doing yourself or your motor a mischief.

This heavy duty outboard motor engine trolley is the best solution you'll find. It's easy to use, folds down for storage, and it can support a massive 100kg of engine, which is more than most trolleys can even dream of being able to cope with.

Shift long and short shaft motors on the trolley, because it can handle both with ease, which means you can too.

Foldable and easy to store and transport, the outboard motor engine trolley is ideal for storing motors in workshops and for keeping them in place during maintenance.

Product Specifics

Dimensions: 64cm W x 102cm H

Weight: 5kg

Weight Capacity: 100kg

Materials: Powder Coated Steel and Pine Wood

Monster Guarantee

If you wish to return a product in perfect working order, we provide a 30 day returns policy as long as the item is unopened and in a resalable condition.

A 12 month warranty applies to all of our electrical products; we will cover the cost of labour and parts. Our policy is to try and repair the item before arranging an exchange or refund.

If for any reason a part is missing please get in touch with us within 7 days on receipt of your order. You can contact our friendly and helpful Customer Support Team via email or call. For full terms and conditions contact our Support Department via the details on the Contact Us page.

Specification

Product Features

- 1) Wheels
- 2) Supports
- 3) Frame
- 4) Motor Carrier Board
- 5) Handles
- 6) Support Hook
- 7) Wheel Axle

User Guide

Assembly Instructions

- 1) Attach the 2 wheels to the large U-shaped frame using the axle. Secure the wheels into place using the 2 pins and washers.
- 2) Attach the handles to the support bars using 2 large screws, located towards the top of the frame. Secure these using the a washer and wing nut.
- 3) Add the smaller U-shape to the bottom of the handles. Once in place, attach the 2 supports. Use the small screws to secure into place. The other end of the support should fit onto the main frame via a hook. This can then be secured in place using a washer and wing nut.
- 4) Attach the pine board at the top of the frame using 4 large screws.
- 5) When transporting the outboard motor, the supports need to be placed onto the hooks (as shown in image) and the motor attaches to the pine board.
Please Note: If you are struggling to put the supports onto the hook, you may have tightened the screw too much. Slacken it off slightly.
- 6) When not in use, you can take the supports off the hooks and flatten for storage.

Troubleshooting

Resolution Guide

Q: There are parts missing from my order.

A: If there appears to be any part missing from your package contact our Customer Support team via the details on the Contact Us page within 7 days of receipt.

Q: Does the motor carrier have brakes?

A: No, the motor carrier does not have brakes. You will have to stop it moving yourself and leave on a flat ground to prevent from moving.

Q: What size bolts/screws go where?

A: The 6 large screws are for the wooden back board and for the handles. The four smaller screws are for the lower retaining straps. The 2 pins are for the wheels (washers either side of wheel)

Q: The support bar doesn't hook into place.

A: If you are struggling to put the supports onto the hook, you may have tightened the screw too much. Slacken it off slightly. Ensure the support bar hooks on the inside of the frame.

Safety Advice

Safe Working Practice

Take care when transporting.

Keep the motor carrier clean to prolong working life.

Do not use corrosive cleaning equipment when cleaning your motor carrier as this may erode the paint.

Do not load over the stated weight capacity.

Ensure items are secure on the carrier before moving.

Monster Group (UK) is one of the UK's fastest growing online retailers. We supply a diverse range of products which offer exceptional value for money.
