Warehouse Platform Trolley

Try Monster - Buy Monster - Be Monster

Specification

Product Description

As a handy warehouse assistant, this trolley can carry everything you need on board its heavy duty platform, which stands at 30cm high, making it ideal for both loading and unloading.

Whether your cargo is small or large this trolley can handle it. With a platform measuring 100cm wide and 150cm deep this trolley can take wide and long parcels whilst the heavy duty steel can hold a giant 500kg of evenly distributed weight.

Standing at 107cm high the handle is the perfect height for pushing or pulling the platform trolley, whilst the pneumatic tyres help prevent damage to fragile parcels when wheeling over lumps and bumps.

Product Specifics

Dimensions: 125cm D x 107cm H x 75cm W
Loading Capacity: 500 KG
Material: Powder Coated Steel
Steel Thickness: 2.5 mm

Monster Guarantee

A 12 month warranty applies to all of our electrical products, we will cover labour, parts and delivery charges. Our policy is to try and fix the item before arranging an exchange or refund. For full terms and conditions contact our Support department via the details on the Contact page.

Specification

Product Features

1) Handle
2) Loading Tray
3) Wheels

User Guide

Assembly Instructions

1) Bolt the wheels onto the loading tray. There are 4 bolts per wheel. The two wheels beneath the handles move, the two wheels away from the handle are static.

2) Slot the handle into the two holes.

3) Your platform trolley is ready for use.

Troubleshooting

Resolution Guide

Please read through the guide below if you have any issues or faults with your device. The information covers and resolves the majority of frequently asked questions.

Q: There are parts missing from my order.
A: If there appears to be any part missing from your package contact our Customer Support team via the details on the Contact Us page within 7 days of receipt.

Q: Does the trolley have brakes?
A: No the platform trolley does not have brakes, You will have to stop it moving yourself and leave on a flat ground to prevent from moving.

Q: Why do two wheels rotate and the other two do not?
A: Two wheels are static and the other move, this is normal. This helps stability and control over mobility.

Safety Advice

Safe Working Practice

Take care when transporting.

Keep the platform trolley clean to prolong working life.

Do not use corrosive cleaning equipment when cleaning your platform trolley as this may erode the paint.

Do not load over the stated weight capacity.

Ensure items are secure on the trolley before moving.
