- D. Strengthened door frame
- E. Colour changing LED Lights
- F. Drip Tray
- G. Digital Control Panel

Monster Group UK Limited's liability will be limited to the commercial value of the product only.

SAFETY ADVICE

SAFE WORKING PRACTICE

Please read through the Safe Working Practice to ensure prevention of injury or damage to the device.

WARNING!

All repairs, disassembly and modifications should be performed only by qualified professional. Attempting to perform these yourself could result in a fire, malfunction and injury.

- Position on a flat and stable surface
- For indoor use only
- Do not cover the appliance when it is operating.
- Do not store food in the appliance.
- Never put flammable or volatile substances into the unit as could result in fire or explosion.
- Never splash water directly onto the product or wash with water as could result in the Cooler shortcircuiting.
- Use a dedicated AC wall outlet. Do not use extension cords or mains adapters as this could result in electric shock, overheating and a fire.
- Always carry, store and handle the appliance in a vertical position.
- Never tilt the appliance more than 45° from the vertical.
- Never hang from the door or climb onto the unit
- Do not push against the glass
- Hold the handle when closing the door. Holding at other positions could result in injury
- Disconnect the plug from the socket before moving the cooler.

USER GUIDE

INSTALLATION

WARNING!

Installation should be performed only by a qualified professional. Attempting to install the unit yourself could result in water leakage, refrigerant leakage, electric shock or fire.

WARNING!

If the unit has not been stored or moved in an upright position, let it stand upright for approximately 12 hours before operation. If in doubt allow to stand.

- Remove the appliance from the packaging and the protective film from all surfaces.
- Avoid positioning the appliance in direct sunlight or damp areas.
- The shelf height can be adjusted by lifting the shelf up or removing from cooler and moving the shelf brackets to desired position.
- If necessary, adjust the screw feet of the appliance to make it level.

WARNING!

Before using the appliance for the first time, clean the shelves and interior with soapy water

DRAIN TRAY

- Defrosting is performed automatically, and any drained water is collected in the drain tray.
- Water in the drain tray is evaporated automatically. In areas of high humidity, large amounts of water can collect in the drain tray, please empty once a day.

USER GUIDE

USING THE BACK BAR COOLER

- The cooler employs a forced circulation of cold air. If the circulation of air is obstructed the items will not be adequately refrigerated.
- Do not let items obstruct the cold air inlet and suction outlet.
- Place items so they do not protrude from the shelves. The gap between the shelves and door is used for circulation of cold air.
- Place items evenly on all shelves
- Please do not display perishable goods on the bottom, please use shelves.

CLEANING THE BACK BAR COOLER

- Before cleaning, please switch off and disconnect the power supply.
- Wipe with a soft, dry cloth. If very soiled, wipe with a cloth that has been moistened with detergent. Then wipe with a cloth that has been dipped in water.
- Clean the cooler as often as possible.
- Never use polish, soap powder, benzene, oil or hot water as these could damage the painting and plastic components.

Cleaning the Condenser

- Periodically cleaning the condenser can extend the life of the appliance. The condenser is located at the back of the appliance

WARNING!

Use a soft brush or vacuum cleaner to clean the fins of the condenser, taking care not to damage the fins.

USER GUIDE

HOW TO CHANGE THE TEMPERATURE

- To change the operating temperature.
- Press and hold the 'Set' button for 3 seconds, 'St' will show on the display.
- Press the  or  button to change the temperature.
- Press the 'Set' button to store the temperature.

MANUAL DEFROST

If the Back Bar Cooler requires defrosting, press  for 3 seconds.

USER GUIDE
