

213858 T-MECH Engine Load Leveller

Product Label: 10 x 4cm

900KG LOAD LEVELLER

CAUTION

- DO NOT overload. Exceeding 900kg can cause damage or failure.
- Attach leveller to lifting device securely before use. Use proper lifting points and hardware.
- Adjust to balance load evenly. Ensure stability before lifting.
- DO NOT stand or walk under a suspended load.
- Inspect for wear/damage before each use. Operate only by trained personnel.
