Specification

Monster Guarantee

If you wish to return a product in perfect working order, we provide a 30 day returns policy as long as the item is unopened and in a resalable condition.

A 12 month warranty applies to all of our electrical products; we will cover the cost of labour and parts. Our policy is to try and repair the item before arranging an exchange or refund.

If for any reason a part is missing please get in touch with us within 7 days on receipt of your order. You can contact our friendly and helpful Customer Support Team via email or call. For full terms and conditions contact our Support Department via the details on the Contact Us page.

Product Features

- 1) Barber Pole
- 2) Bracket
- 3) Self tapping screw
- 4) Plastic Plug

User Guide

Assembly Instructions

- 1) Decide on the ideal location for your barber pole.
- 2) Place the wall mount against the wall and make a mark of the fixing holes, use a marker pen or chalk.

- 3) Remove the barber pole and place the bracket against the marked position on the wall.
- 4) Mark the bracket's 2 fixing holes on the wall, use a marker pen or chalk.
- 5) Remove the bracket and drill the bracket's 10mm fixing holes .
- 6) Put one plastic plug into each pre-drilled hole.
- 7) Place 2 screws through the holes in the bracket and screw into the pre-drilled holes. Use an 8-10mm masonry drill.

- 8) Repeat this process for the other bracket.

User Guide

Assembly Instructions

- 9) Thread the bracket bolt through the hole in the wall mount. Secure it with the bolt head.

- 10) Make sure everything is secure.

Operation Instructions

- 1) Plug the wire into the bottom of the barber pole's mounting frame.
- 2) Switch the power supply on. Your barber pole will automatically light up and rotate.
- 3) Turn the power supply off to turn the barber pole off.

Troubleshooting

Resolution Guide

Please read through the guide below if you have any issues or faults with your device. The information covers and resolves the majority of frequently asked questions.

Q: There are parts missing from my order.

A: If there appears to be any part missing from your package contact our Customer Support team via the details on the Contact Us page within 7 days of receipt.

Q: The barber pole will not rotate.

A: Check that you have the correct power supply, and that it is supplying the correct voltage. Check that the power cord plug has not become loose.

Q: The light will not turn on.

A: Check that you have the correct power supply, and that it is supplying the correct voltage. Check that the power cord plug has not become loose. If the bulb has stopped working, you may need to purchase a new one. They will be available at your nearest DIY store or online. Please seek professional help if you need to change the LED bulb.

For all other issues please contact our Customer Support department via the details on the Contact page.

Safety Advice

Safe Working Practice

Please read through the safe working practice to ensure prevention of injury or damage to the device.

When the device is not in use, ensure that the power plug is turned off.

Repair of the machine should only be carried out by skilled technicians.

Be careful when using tools such as a drill.

Make sure all loose clothing and hair are tucked away when using a drill.

Use eye protection when using a drill.

Make sure the brackets are secure before securing the barber pole to the wall.
