# Cigarette Cabinet

Try **Monster** - Buy **Monster** - Be **Monster**

# Specification

## Product Description

This cigarette cabinet in white with blue doors is sure to look neat and professional behind your shop counter. The display case conforms with current UK advertising regulations and, with sliding lockable doors, it's easy to keep it closed and locked to ensure the products are not visible.

The compact size means it fits perfectly behind your counter, leaving plenty of room to display more products and increase profits! The 12V LED lighting and 7 adjustable shelves ensure a tidy and well lit display.

Coming pre-assembled means a quick and easy set up. All you have to do is secure behind the counter & load with products. It's as easy as that!

## Item Contents

- 1 x Cigarette Cabinet
- 7 x Steel Shelves
- 8 x Cigarette Packet Holder Shelves
- 2 x Front Doors
- 2 x Door Keys

## Monster Guarantee

If you wish to return a product in perfect working order, we provide a 30 day returns policy as long as the item is unopened and in a resalable condition.

A 12 month warranty applies to all of our electrical products; we will cover labour, parts and delivery charges. Our policy is to try and repair the item before arranging an exchange or refund.

If for any reason a part is missing please get in touch with us within 7 days on receipt of your order. You can contact our friendly and helpful Customer Support Team via email or call. For full terms and conditions contact our Support Department via the details on the Contact Us page.

# Specification

Weight: 55kg

## Product Features

- 1) Door
- 2) Lock
- 3) Adjustable Shelf
- 4) Cigarette Packet Holders

# User Guide

## Assembly Instructions

1) Once unpacked, immediately plug the cable into the back of the cabinet and then place in the desired location.

We would recommend 2 people move the item, following Health and Safety guidelines, as this is a heavy item. It is also recommended that the cabinet is secured to the wall to prevent the cabinet from falling.

2) Unwrap the shelves from their protective wrapping and place to one side.

3) Place 4 brackets into the cabinet at the desired height (starting from the bottom) and place the first shelf on top.

4) Repeat step 3 until you reach the top shelf.

5) For the top shelf, ensure the cigarette packet holder is not on the shelf below. Put the shelf inside the cabinet, above the desired height, and hold there while another person places the brackets. Add the cigarette packet holders to the cabinet.

6) Insert the doors. The left hand door should be placed first by lifting into the top door rail, then set them into the bottom rail along the runners. Repeat with the right hand door.

7) Plug the cabinet into your power supply and switch on. You are now ready to load the cabinet with your products.

# Troubleshooting

## Resolution Guide

Please read through the guide below if you have any issues or faults with your device. The information covers and resolves the majority of frequently asked questions.

**Q: There are parts missing from my order.**

A: If there appears to be any part missing from your package contact our Customer Support team via the details on the Contact Us page within 7 days of receipt.

**Q: The LED lights will not turn on.**

A: Check all wires and sockets to ensure they are connected properly and free from damage and that the power supply is turned on. Should you notice any damage, do not plug into your power supply. If there does not appear to be any damage and the lights still will not turn on after checking your connections, please call our Customer Support department via the details on the Contact page.

**Q: The cigarette packet holders have disconnected from each other.**

A: The packet holders are adjustable to suit any size of product, so this can happen. To reattach, simply slide the bottom clip of your divider/spring loaded holder onto the bottom rail, or snap into place if needed.

For all other issues please contact our Customer Support department via the details on the Contact page.

# Safety Advice

## Safe Working Practice

Please read through the safe working practice to ensure prevention of injury or damage to the device.

This item is heavy. Do not attempt to lift by yourself.

To avoid injury, ensure the Cigarette Cabinet is lifted/moved by 2 people.

Never remove or tamper with any of the wires, do not operate this equipment if the wires have been damaged.

Ensure the Cigarette Cabinet is placed on a flat and stable surface.

Do not operate the device in areas of high temperature or humidity as the machine may not function correctly.

Ensure the cabinet is locked when not in use.

Please comply with all current tobacco regulations in your country.

If the cabinet is raised off the floor, ensure that it is secured to a wall to prevent falling.
