Metal Van Racking

Try **Monster** - Buy **Monster** - Be **Monster**

Specification

Product Description

The Metal Van Racking from Monster Shop is great for storing tools, parts and equipment.

Easy to install and hard wearing this metal van rack comes with an array of shelves, draws and storage compartments.

Designed to fit universally inside different vans, this rack can help you get organised and tidy up your van so you can find exactly what you need.

The racking also features 4 removable draws, so you can transport your tools to your work station with absolute ease.

Monster Guarantee

If you wish to return a product in perfect working order, we provide a 14 day returns policy as long as the item is unopened and in a resalable condition. A 12 month warranty applies to all of our electrical products; we will cover labour, parts and delivery charges. Our policy is to try and fix the item before arranging an exchange or refund. If for any reason a part is missing please get in touch with us within 7 days on receipt of your order. You can call or email our friendly and helpful Customer Support Team. For full terms and conditions contact our Support Department via the details on the Contact Us page.

User Guide

Installation Instructions

The enclosed brackets can be used to attach the racking to the van using a screw and bolt.

Troubleshooting

Resolution Guide

Please read through the guide below if you have any issues or faults with your Metal Van Racking.

Q: There are parts missing from my order.

A: If there appears to be any part missing from your package contact our Customer Support team via the details on the Contact Us page within 7 days of receipt.

Q: I cannot open the draws.

A: After driving, it is likely your tools will move about and the draws may get jammed. Try and tease the draw open gently or use an object to help lower the item that is jamming the draw.

Safety Advice

Safe Working Practice

Please read through the safe working practice to ensure prevention of injury or damage to the device.

Take care when transporting. This is a heavy item. We recommend having 2 people to carry the racking.

Keep the van racking clean to prolong working life.

Do not use corrosive cleaning equipment when cleaning your van racking as this may erode the paint.

Do not put into a van that cannot bear the weight of the racking combined with your tools.

Do not obstruct driving visibility with the racking.

Do not over load the draws. Weight capacity can be seen in the Product Specifics.

Please ensure the racking is the correct size for your van.
