# Glass Canopy and Bracket

Try **Monster** - Buy **Monster** - Be **Monster**

# Specification

## Product Description

Our stylish glass canopies are perfect for creating shelter over your front and back doors, balcony, patio or decking. While not only protecting you from the elements, our glass canopies create a stunning visual effect, providing a striking focal point for your home or work place.

The Glass Canopy comes in 3 sizes:

1200mm

1440mm

1800mm

When constructing the Glass Canopy, it is best to grab an extra pair of hands and work on a secured staged scaffold. Once you have decided on your ideal location, it's time to get building!

## Item Contents

6 x Anchor Bolt Covers

1 x 4mm Allen Key

6 x Glass Clamps

15 x Rubber Washers

# Specification

## Product Specifics

### **1200mm Glass Canopy:**

Dimensions: 1200mm W x 800mm H

Weight: 19.2kg

### **1440mm Glass Canopy:**

Dimensions: 1440mm W X 800mm H

Weight: 23kg

### **1800mm Glass Canopy:**

Dimensions: 1800mm W x 800mm H

Weight: 28.8kg

### **1 x Bracket for Glass Canopy:**

Dimensions: 645mm W x 252mm H x 65mm D

Weight: 2.8kg

## Monster Guarantee

If you wish to return a product in perfect working order, we provide a 30 day returns policy as long as the item is unopened and in a resalable condition.

A 12 month warranty applies to all of our electrical products; we will cover the cost of labour and parts. Our policy is to try and repair the item before arranging an exchange or refund.

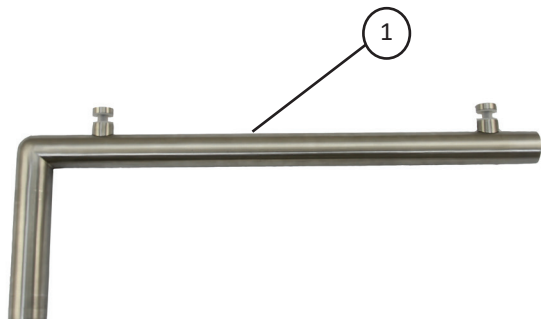

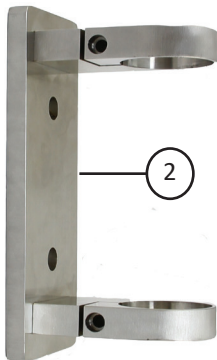

If for any reason a part is missing please get in touch with us within 7 days on receipt of your order. You can contact our friendly and helpful Customer Support Team via email or call. For full terms and conditions contact our Support Department via the details on the Contact Us page.

# User Guide

## Product Features

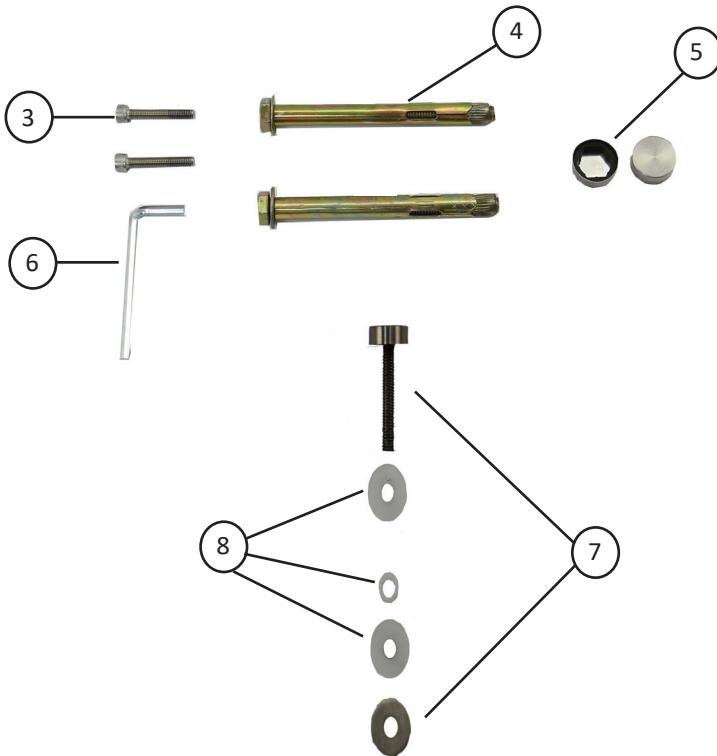

### Bracket for Glass Canopy:

- 1) Stainless Steel Arm
- 2) Wall Fixing
- 3) Socket Screw
- 4) Anchor Bolt
- 5) Anchor Bolt Cover
- 6) 4mm Allen Key
- 7) Glass Clamp
- 8) Rubber Washer

# User Guide

## Product Features

# User Guide

## Assembly Instructions

### Step 1: Detaching the wall fixing from the steel arm

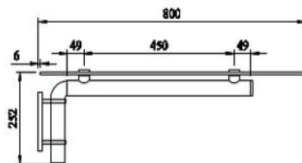

- 1) Make sure that the wall fixing is detached from the stainless steel arm 2.5 before starting your project.
- 2) If it isn't, unscrew the 2 socket screws using the 4mm Allen key.
- 3) Slide the steel arm out of the wall fixing and place to one side.

### Step 2: Mounting the wall fixing

- 4) Now, decide on the ideal location for your canopy.
- 5) Measure the correct distance between the brackets and make a mark of this on the wall.

The bracket(s) should be positioned 150mm inside the edge of the glass.

The 1800mm model will have a third bracket in the the centre of the glass.

# User Guide

## Assembly Instructions

6) Put each bracket against the wall and mark through the 2 holes of each bracket using a marker pen or chalk.

**Top Tip: Use a Spirit Level to make sure it is straight.**

4) Drill a 10mm hole where you have marked on the wall.

5) Attach the wall fixing to the wall using the Anchor bolts.

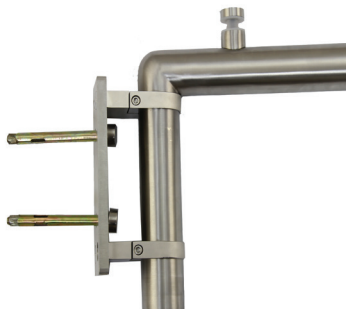

6) Firmly tap the Anchor bolts into the drilled holes using a hammer. Tighten with a spanner and install the anchor bolt caps.

### Step 3: Reattaching the steel arm

7) Before reattaching the steel arm, unscrew the glass clamps. This will make it easier when securing the glass canopy.

8) Slide the stainless steel arm back through the wall fixture and rescrew the 2 socket screws

# User Guide

## Assembly Instructions

### Step 4: Placing the glass canopy

9) With the help of a friend, and some staged scaffolding, begin to clamp the glass down.

10) Make sure the glass clamp, rubber washers and glass goes in the order seen in the diagram below.

11) Screw the top of the glass clamp to secure the glass canopy.

12) Make sure everything is secure and you're good to go.

# Troubleshooting

## Resolution Guide

Please read through the guide below if you have any issues or faults with your product. The information covers and resolves the majority of frequently asked questions.

**Q: There are parts missing from my order.**

**A:** If a part is missing please get in touch with us within 7 days on receipt of your order. You can call or email our friendly and helpful Customer Support Team. Please see the details on the Contact Us page.

**Q: The glass is damaged or broken.**

**A:** Please get in touch with our Monster team within 7 days on receipt of your order. You can call or email our friendly and helpful Customer Support Team. Please see the details on the Contact Us page.

**Q: What kind of tools should I use to assemble the Glass Canopy and Bracket?**

**A:** An Allen key is included within your package order. The size provided will fit to the Socket Screws. A hammer and drill will be needed when securing the wall fitting. A glass lifter might also be appropriate when lifting and fitting the glass canopy.

**Q: How do I maintain the Stainless Steel Brackets?**

**A:** Stainless steel is one of the most durable options for an internal or external balustrade system. However it will still require some maintenance in order to sustain its initial appearance. Depending on the location and application depends how much cleaning the bracket system will need. A mild detergent cleaner will remove anything that may affect the durability and/or appearance of the stainless steel. Glass cleaner will help to get rid of any stubborn fingerprints.

**Q: How do I maintain the glass?**

**A:** Fingerprints are one of the biggest complaints when working with glass, however, this canopy glass is self-cleaning which keeps itself free of dirt and grime.

# Safety Advice

## Safe Working Practice

Please read through the safe working practice section to ensure prevention of injury or damage to you or the product.

Do not assemble the glass canopy and bracket if it is damaged and/or broken.

The steel arms, wall fittings and glass canopy are quite heavy and should be handled carefully and with caution.

Only place the glass canopy in a suitable area/space

Use eye protection when using tools such as the drill and hammer.

Ensure loose clothing and hair is tucked away when using a drill.

Make sure the wall fittings are secure before continuing with assembly.

Use eye protection and gloves when handling glass.

Use a staged scaffold when installing the glass canopy to give you stable support.

Get a help from a friend when installing the glass, as this can be very difficult on your own and potentially unsafe.
