Artificial Living Wall Tile – Mira

214639

Unit Overview

Transform any space with this Mira Artificial Living Wall Tile, designed for both indoor and outdoor use. Featuring a vibrant blend of lifelike greenery, this wall tile adds natural beauty without the hassle of maintenance. Easy to install with the included fixing kit, it's perfect for enhancing homes, offices, or outdoor areas with a fresh, lush look. Effortlessly customise your walls and enjoy the timeless charm of greenery year-round.

Specifications

Quantity: 1pc

Dimensions: 100 x 100cm

Safety Advice

Please read through the Safe Working Practice to ensure prevention of injury or damage to the product.

- Ensure proper installation using high-quality adhesives, fasteners, or wall-mounting hardware suited to both the tiles and the wall type. Verify that the surface can support the weight to prevent detachment or falls.

- Conduct regular inspections to check for tile stability, secure attachment, and any signs of wear in adhesives or fasteners, especially if installed in high-traffic areas or outdoor environments.
- Install tiles in well-ventilated areas to reduce moisture build-up that could lead to mould. Avoid high-humidity environments without proper ventilation, and use moisture-resistant materials as recommended by the manufacturer.
- Clean tiles regularly with a soft, damp cloth to remove dust, preventing moisture accumulation. Avoid abrasive cleaners, harsh chemicals, or high-pressure water, which could damage the tiles or mounting structure.
- Use flame-retardant tile materials as specified. Avoid installing near open flames or heat sources, and preferably in areas with fire safety features like sprinklers and fire alarms.
- Exercise caution during installation. Use safety equipment (e.g., gloves, helmets) and ensure that anyone installing the tiles has received adequate safety training, particularly when working at height or on elevated surfaces.
- Inspect for potential pest habitats in the tiles regularly. Clean and treat the panels as needed, using pest-resistant materials or coatings if feasible to discourage pests.
- Ensure these tiles are used solely for decorative purposes and are not subjected to any weight-bearing or load-bearing applications.

Monster Group UK Limited's liability will be limited to the commercial value of the product only.

Parts

Screws

15 Piece(s)

Wall Plugs

15 Piece(s)

Steps (4)

1.

Fit the wall plug to the surface you wish to attach the artificial living wall to. Screw the wall tile to the wall plug using the screws to secure the tile through the holes in the mesh of the wall tile.

2.

Once your artificial wall panel has been securely fitted to the wall, take a few moments to enhance its appearance. During shipping, the flowers and leaves may become compressed or uneven to ensure their protection. Gently spread out and reshape the foliage to achieve a natural and full appearance.

3. Maintenance

- If using cleaning products, ensure they are non-toxic, eco-friendly, and safe for the material. Use protective equipment and ensure good ventilation when cleaning tiles, especially in enclosed areas.

4. Troubleshooting

WHAT DO I DO IF THERE ARE MISSING PARTS FROM MY ORDER?

- If there appears to be any part missing from your order, contact our friendly and helpful Customer Support Team within 7 days of receipt.

FOR ALL OTHER ISSUES, PLEASE CONTACT OUR CUSTOMER SUPPORT TEAM.
