Size: 55 x 190mm

T-MECH

CAUTION

READ MANUAL

Read operator's manual carefully before use.

CAUTION

- Cradle drops rapidly when broke arm is released.
- Control winch with your right hand on wheel handle BEFORE releasing broken.

WARNING

- To avoid serious injury watch for over head obstructions when raising panel.

WARNING

To avoid serious injury:

- Use only for lifting a drywall panel.
- Lift ONLY one panel at a time.
- NEVER lift more than 150lbs (68KG).
- ALWAYS wear a hard hat when operating.

WARNING

Using handtools can be dangerous. Always take care and keep away from children. Wear protective eye wear in work area at all times. Select correct type and size of handtool for work.
